

Congratulations! Congratulations!
Congratulations! Congratulations!
Congratulations! Congratulations!

YOU have just purchased the **fastest** rings in the world!!
Perfect Circle is the ring of choice for winners in all performance applications.

PERFECT CIRCLE[®]
P I S T O N R I N G S
NASCAR[®]
PERFORMANCE

Doug Kalitta and the MAC Tools Dragster,
1/4 mile record holder in NHRA Top Fuel (333.91 mph)

Four-time NASCAR Points Champion, Jeff Gordon,
part of the Hendrick Motorsports team

Perfect Circle® Performance Rings

are the most extensive and technically advanced high performance rings in the industry. Driven by today's requirements for reduced oil consumption, lower friction, higher power output and longer life, Perfect Circle is out front with the latest technology.

Steel

- Unequaled Strength and Fatigue Resistance
- Reducing Side Wear and Groove Pound Out
- Smaller Cross Section for a Lighter Ring and Less Ring Bouncing

THG Second

- Superior Oil Control
- Improved Combustion Gas Management
- Improved Top Ring Stability
- Improved Ring Seal

PC479 Fire Power™

- Superior Ring Durability Under Extreme Conditions
- Stable Radial Tension Under Extreme Conditions
- Superior Combustion Sealing and Oil Control While Protecting the Cylinder Walls
- Specifically Designed for Nitrous Oxide Injected, Turbocharged and Supercharged Racing Engines

CP20™ Oil Rings

- 20° Ear Angle for Best Possible Sealing
- Low Deflection Rate Assures Easy Installation of Oil Ring
- ChemPolish™ Process Improves Oil Drain Back
- Each Oil Ring is Designed for a Specific Bore Diameter
